BRAIN INJURY

Official Research Journal of the International Brain Injury Association

Volume 20 2006

informa
healthcare

SUBSCRIPTION INFORMATION

Brain Injury is published 14 times a year by Informa Healthcare, 4 Park Square, Milton Park, Abingdon, Oxon OX14 4RN, UK. This journal is subject to a peer-review process.

Annual Institutional Subscription, Volume 20, 2006

Print	ISSN 0269-9052	$2032	£1231
Online only		$1930	£1169 (Plus tax where applicable)

A subscription to the print edition includes free access for any number of concurrent users across a local area network to the online edition, ISSN 1362-301X.

For more information, visit our website:

http://www.informahealthcare.com

Print subscriptions only are also available to individual members of the International Brain Injury Association (IBIA), on application to the Society.

Brain Injury (USPS permit number 003 174) is published 14 times a year (January, February, March, April, May, June, July, August, September, October, November and December (with two issues published in June and December). The 2006 US institutional subscription price is $2032. Periodicals Postage paid at Air Business Ltd, c/o Priority Airfreight NY Ltd, 147–29 182nd Street, Jamaica, NY 11413.

USA Postmasters: Send address changes to tBIN, Air Business Ltd, c/o Priority Airfreight NY Ltd, 147–29 182nd Street, Jamaica, NY 11413.

Dollar rates apply to subscribers in all countries except the UK and the Republic of Ireland where the pound sterling price applies. All subscriptions are payable in advance and all rates include postage. Journals are sent by air to the USA, Canada, Mexico, India, Japan and Australasia. Subscriptions are entered on an annual basis, i.e. from January to December. Payment may be made by sterling cheque, dollar cheque, international money order, National Giro, or credit card (AMEX, VISA, Mastercard).

Ordering information:
Customer Services, Informa UK Ltd, Sheepen Place, Colchester, Essex CO3 3LP, UK. Tel: +44 (0) 20 7017 5544. Fax: +44 (0) 20 7017 5198. E-mail: tf.enquiries@tfinforma.com

Advertising enquiries to:
Peter Coltart, Advertisement Director. Tel: +44 (0)20 7017 6189. E-mail: peter.coltart@informa.com. Steve Day, Advertisement Representative. Tel: +44 (0)20 7017 6010. E-mail: stephen.day@informa.com

Back Issues
Informa Healthcare retains a three year back issue stock of journals. Older volumes are held by our official stockists: Periodicals Service Company <http://www.periodicals.com/tandf.html>, 11 Main Street, Germantown, NY 12526, USA to whom all orders and enquiries should be addressed. Telephone: +1 518 537 4700; Fax: +1 518 5889; E-mail: psc@periodicals.com

The print edition of this journal is typeset by Keyword Typesetting Services Ltd., and printed by Henry Ling Ltd., on ANSI conforming acid free paper.

Volume 20, Number 1, January 2006

Original papers:

Who benefits? Outcome following a coping skills group intervention for traumatically brain injured individuals
K. Anson & J. Ponsford 1

Clinical significance of dilated Virchow-Robin spaces in mild traumatic brain injury
M. Inglese, R. I. Grossman, L. Diller, J. S. Babb, O. Gonen, J. M. A. Silver & H. Rusinek 15

Central executive system impairment in traumatic brain injury
A. Serino, E. Ciaramelli, A. Di Santantonio, S. Malagù, F. Servadei & E. Làdavas 23

Recovery from sports concussion in high school and collegiate athletes
M. P. McClincy, M. R. Lovell, J. Pardini, M. W. Collins & M. K. Spore 33

Co-morbid traumatic brain injury and substance use disorder: Childhood predictors and adult correlates
A. B. Felde, J. Westermeyer & P. Thuras 41

Increased inattentional blindness in severe traumatic brain injury: Evidence for reduced distractibility?
M. J. Summers 51

Executive dysfunction and domestic violence
N. V. Marsh & W. M. Martinovich 61

Inhibition and object relations in borderline personality traits after traumatic brain injury
J. Gagnon, M.-A. Bouchard, C. Rainville, S. Lecours & J. St-Amand 67

What about theory of mind after severe brain injury?
V. Havet-Thomassin, P. Allain, F. Etcharry-Bouyx & D. Le Gall 83

Errors in self-report of post-traumatic stress disorder after severe traumatic brain injury
R. E. Sumpter & T. M. McMillan 93

Case studies:

Improvement patterns among survivors of brain injury: Three case examples documenting the effectiveness of memory compensation strategies
A. Van Hulle & K. Hux 101

Bromocriptine in traumatic brain injury
D. B. Smaïl, C. Samuel, K. Rouy-Thenaisy, J. Régnault & P. Azouvi 111

Volume 20, Number 2, February 2006

Review:

Mild traumatic brain injury and anxiety sequelae: A review of the literature
E. L. Moore, L. Terryberry-Spohr & D. A. Hope 117

Original papers:

Aquatics, health-promoting self-care behaviours and adults with brain injuries
S. Driver, K. Rees, J. O'Connor & C. Lox 133

Exploring eye movement analysis as a measure of selective visual attention in brain injured individuals
M. A. Linden, I. R. Crothers & R. J. Rauch 143

A study investigating the effects of Tai Chi Chuan: Individuals with traumatic brain injury compared to controls
C. Gemmell & J. M. Leathem 151

Reduced daytime activity in patients with acquired brain damage and apathy: A study with ambulatory actigraphy
U. Müller, J. Czymmek, A. Thöne-Otto & D. Y. Von Cramon 157

Neurocognitive fitness in the sub-acute stage after mild TBI: The effect of age
S. Stapert, P. Houx, J. de Kruijk, R. Ponds & J. Jolles 161

Evaluation of a coping skills group following traumatic brain injury
K. Anson & J. Ponsford 167

Is there a relationship between whiplash-associated disorders and concussion in hockey? A preliminary study
L. M. Hynes & J. P. Dickey 179

Human spatial navigation deficits after traumatic brain injury shown in the arena maze, a virtual Morris water maze
R. W. Skelton, S. P. Ross, L. Nerad & S. A. Livingstone 189

Prediction of functional rehabilitation outcomes in clients with stroke
D. W. Man, S. F. Tam & C. Hui-Chan 205

Case study:
Post-anoxic myoclonus: A case presentation and review of management in the rehabilitation setting
A. Polesin & M. Stern 213

Volume 20, Number 3, March 2006

Original papers:
Computerized errorless learning-based memory rehabilitation for Chinese patients with brain injury: A preliminary quasi-experimental clinical design study
Z. L. Dou, D. W. K. Man, H. N. Ou, J. L. Zheng & S. F. Tam 219

Replicated positive results for the VCC model of vocational intervention after ABI within the social model of disability
J. F. Malec & A. M. Moessner 227

Spatial-temporal characteristics of perceptual organization following acquired brain injury
D. D. Kurylo, R. Waxman & O. Kezin 237

Tracking neuropsychological recovery following concussion in sport
G. L. Iverson, B. L. Brooks, M. W. Collins & M. R. Lovell 245

Exploring the use of social comparison by individuals recovering from traumatic brain injury
P. M. Arenth, J. D. Corrigan & L. D. Schmidt 253

Brain atrophy and cognitive impairment in survivors of acute respiratory distress syndrome
R. O. Hopkins, S. D. Gale & L. K. Weaver 263

Basal ganglia lesions following carbon monoxide poisoning
R. O. Hopkins, M. A. Fearing, L. K. Weaver & J. F. Foley 273

Sex differences in mortality after traumatic brain injury, Colorado 1994–1998
I. B. Gujral, L. Stallones, B. A. Gabella, T. J. Keefe & P. Chen 283

Dizziness after traumatic brain injury: Overview and measurement in the clinical setting
F. Maskell, P. Chiarelli & R. Isles 293

The overt behaviour scale (OBS): A tool for measuring challenging behaviours following ABI in community settings
G. Kelly, J. Todd, G. Simpson, P. Kremer & C. Martin 307

Post-acute service utilisation and parental satisfaction with health care services after mild traumatic brain injury in children and adolescents
C. Petersen, A. Scherwath, E. Kruithoff & U. Koch 321

Rehabilitation is compromised by arousal and sleep disorders: Results of a survey of rehabilitation centres
A. D. Worthington & Y. Melia 327

Case studies:
The vegetative state: A report of two cases with a long-term follow-up
R. Avesani, M. G. Gambini & G. Albertini 333

The efficacy of donepezil hydrochloride on memory functioning in three adolescents with severe traumatic brain injury
M. Trovato, B. Slomine, F. Pidcock & J. Christensen 339

Volume 20, Number 4, April 2006

Review papers:
Metabolism and nutrition in patients with moderate and severe traumatic brain injury: A systematic review
K. Krakau, M. Omne-Pontén, T. Karlsson & J. Borg 345

A personal intervention substance abuse treatment approach: Substance abuse treatment in a least restrictive residential model
T. C. Hensold, J. M. Guercio, E. E. Grubbs, J. C. Upton & G. Faw 369

Consensus paper:
Domains of a TBI minimal data set: Community reintegration phase
E. Sherwin, G. Whiteneck, J. Corrigan, G. Bedell, M. Brown, B. Abreu, R. DePompei, W. Gordon & J. Kreutzer 383

Original papers:
The structure of functional and community outcomes following traumatic brain injury
M. V. Johnston, M. A. Shawaryn, J. Malec, J. Kreutzer & F. M. Hammond 391

MR imaging of head trauma: Visibility of contusions and other intraparenchymal injuries in early and late stage
N. Brandstack, T. Kurki, O. Tenovuo & H. Isoniemi 409

Working memory and proverb comprehension in adolescents with traumatic brain injury: A preliminary investigation
Catherine A Moran, Marilyn A Nippold & Gail T Gillon 417

Social communication skills in persons with post-acute traumatic brain injury: Three perspectives
C. Dahlberg, L. Hawley, C. Morey, J. Newman, C. P. Cusick & C. Harrison-Felix 425

Dysautonomia and heart rate variability following severe traumatic brain injury
I. J. Baguley, R. E. Heriseanu, K. L. Felmingham & I. D. Cameron 437

The development of the therapeutic working alliance, patients' awareness and their compliance during the process of brain injury rehabilitation
M. Schönberger, F. Humle & T. W. Teasdale 445

Volume 20, Number 5, May 2006

Original papers:
UFOV performance and driving ability following traumatic brain injury
T. A. Novack, J. H. Baños, A. L. Alderson, J. J. Schneider, W. Weed, J. Blankenship & D. Salisbury 455

Predictive value of S-100B protein and neuron specific-enolase as markers of traumatic brain damage in clinical use
Z. S. Naeimi, A. Weinhofer, K. Sarahrudi, T. Heinz & V. Vécsei 463

Utility of Glasgow Coma Scale-Extended in symptom prediction following mild traumatic brain injury
A. I. Drake, E. C. McDonald, N. E. Magnus, N. Gray & K. Gottshall 469

The impact of mild developmental learning difficulties on neuropsychological recovery from head trauma
R. L. Wood & N. A. Rutterford 477

Feedback of brain-imaging findings: Effect on impaired awareness and mood in acquired brain injury
C. B. Roberts, R. Rafal & B. R. Coetzer 485

Traumatic brain injury among Australian prisoners: Rates, recurrence and sequelae
P. W. Schofield, T. G. Butler, S. J. Hollis, N. E. Smith, S. J. Lee & W. M. Kelso 499

The incidence of visual perceptual impairment in patients with severe traumatic brain injury
K. McKenna, D. M. Cooke, J. Fleming, A. Jefferson & S. Ogden 507

Confirmatory factor structure of the Center for Epidemiologic Studies-Depression scale (CES-D) in mild-to-moderate traumatic brain injury
S. R. McCauley, C. Pedroza, S. A. Brown, C. Boake, H. S. Levin, H. S. Goodman & S. G. Merritt 519

EMA assessment of tongue–jaw co-ordination during speech in dysarthria following traumatic brain injury
C. J. Bartle, J. V. Goozée, D. Scott, B. E. Murdoch & M. Kuruvilla 529

Misconceptions about brain injury: A survey replication study
K. Hux, C. D. Schram & T. Goeken 547

Book reviews:
Forensic Neuropsychology Casebook
S. N. Macciocchi 555

Rehabilitation for Traumatic Brain Injury
P. M. Richards 556

Volume 20, Number 6, June 2006

Review:
Identification of aphasia post stroke: A review of screening assessment tools
K. Salter, J. Jutai, N. Foley, C. Hellings & R. Teasell 559

Original papers:
Neurobehavioural deficits after severe traumatic brain injury (TBI)
M. Lippert-Grüner, J. Kuchta, M. Hellmich & N. Klug 569

Assessment of family needs following acquired brain injury in Saskatchewan
H. Murray, G. W. Maslany & B. Jeffery 575

Predictors of family system functioning after brain injury
C. Gan, K. A. Campbell, M. Gemeinhardt & G. T. McFadden 587

Psychosocial outcomes 1–7 years after comprehensive milieu-oriented neurorehabilitation: The role of pre-injury status
P. S. Klonoff, L. M. Watt, L. K. Dawson, S. W. Henderson, J.-A. Gehrels & J. V. Wethe 601

One-year follow-up of patients with mild traumatic brain injury: Occurrence of post-traumatic stress-related symptoms at follow-up and serum levels of cortisol, S-100B and neuron-specific enolase in acute phase
P. Sojka, B.-M. Stålnacke, U. Björnstig & K. Karlsson 613

Management of impaired self-awareness in persons with traumatic brain injury
S. K. W. Cheng & D. W. K. Man 621

Context-sensitive cognitive-behavioural supports for young children with TBI: A replication study
T. Feeney & M. Ylvisaker 629

Response mode and performance on the Rey 15-item test: A preliminary study
B. E. McGuire 647

Latent structure of the Test of Everyday Attention: Convergent evidence from patients with traumatic brain injury
R. C. K. Chan & M. K. Lai 653

Voxel-based statistical analysis of cerebral blood flow using Tc-99m ECD brain SPECT in patients with traumatic brain injury: Group and individual analyses
Y. B. Shin, S.-J. Kim, I.-J. Kim, Y.-K. Kim, Dong-Soo Kim, J. H. Park & S.-R. Yeom 661

Case studies:
Complete semimembranosus rupture following therapeutic stretching after a traumatic brain injury
S. G. K. Chua & K. H. Kong 669

Neuropsychological deficits associated with a tumour in the posterior corpus callosum: A report of two cases
A. Osawa, S. Maeshima, K. Kubo & T. Itakura 673

Book review:
Fatigue as a window to the brain
T. Novack 677

Volume 20, Number 7, June 2006

Reviews:
Rehabilitation implications of non-traumatic subarachnoid haemorrhage
M. Stern, D. Chang, M. Odell & K. Sperber 679

Challenges associated with the definition and assessment of inappropriate sexual behaviour amongst individuals with an acquired neurological impairment
C. Johnson, C. Knight & N. Alderman 687

Original papers:
Post-traumatic amnesia predicts long-term cerebral atrophy in traumatic brain injury
E. A. Wilde, E. D. Bigler, C. Pedroza & D. K. Ryser 695

Effect of urbanicity of residence on TBI outcome at one year post-injury
S. T. Gontkovsky, M. Sherer, T. G. Nick, R. Nakase-Thompson & S. A. Yablon 701

Breaking the news of traumatic brain injury and incapacities
H. Lefebvre & M. J. Levert 711

Work-related deaths and traumatic brain injury
A. C. Tricco, A. Colantonio, M. Chipman, G. Liss & B. McLellan 719

Mild traumatic brain injury: Effects on naming in word retrieval and discourse
K. A. King, M. S. Hough, M. M. Walker, M. Rastatter & D. Holbert 725

Symptoms of post-traumatic stress: Intrusion and avoidance 6 and 12 months after TBI
A. I. Greenspan, A. Y. Stringer, V. L. Phillips, F. M. Hammond & F. C. Goldstein 733

Establishing a prognosis for functional outcome during coma recovery
T. L. Pape, S. Lundgren, A. W. Heinemann, A. Guernon, A. Giobbie-Hurder, J. Wang, H. Roth, M. Blahnik & V. Williams 743

Serum S-100B and cleaved-tau are poor predictors of long-term outcome after mild traumatic brain injury
J. J. Bazarian, F. P. Zemlan, S. Mookerjee & T. Stigbrand 759

Pilot Study:
Post-traumatic growth in acquired brain injury: A preliminary small scale study
J. C. McGrath & P. A. Linley 767

Case Study:
Brain injury following neuroleptic malignant syndrome: Case report and review of the literature
A. Labuda & N. Cullen 775

Volume 20, Number 8, July 2006

Comparison of functional outcome following acute care in young, middle-aged and elderly patients with traumatic brain injury
J. LeBlanc, Elaine de Guise, N. Gosselin & M. Feyz 779

Safety and efficacy of dexmedetomidine in neurosurgical patients
H. E. Aryan, K. W. Box, D. Ibrahim, U. Desiraju & C. P. Ames 791

Symptoms and disability until 3 months after mild TBI
A. Lundin, C. de Boussard, G. Edman & J. Borg 799

Motor deficits and recovery during the first year following mild closed head injury
M. H. Heitger, R. D. Jones, J. C. Dalrymple-Alford, C. M. Frampton, M. W. Ardagh & T. J. Anderson 807

Theory of mind in children with traumatic brain injury
C. Snodgrass & F. Knott 825

Screening for job loss: Development of a work instability scale for traumatic brain injury
G. Gilworth, A. Carey, S. Eyres, J. Sloan, B. Rainford, D. Bodenham, V. Neumann & A. Tennant 835

The effects of mild traumatic brain injury on confrontation naming in adults
I. M. Barrow, M. Hough, M. P. Rastatter, M. Walker, D. Holbert & M. F. Rotondo 845

Time-locked brain activity associated with emotion: A pilot MEG study
J. Leon-Carrion, M. H. McManis, E. M. Castillo & A. C. Papanicolaou 857

Slight and short-lasting increase of serum S-100B protein in extra-cranial trauma
S. Korfias, G. Stranjalis, C. Psachoulia, C. Vasiliadis, M. Pitaridis, E. Boviatsis & D. E. Sakas 867

Melatonin secretion after head injury: A pilot study
T. Paparrigopoulos, A. Melissaki, H. Tsekou, A. Efthymiou, G. Kribeni, N. Baziotis & X. Geronikola 873

Snoezelen: A controlled multi-sensory stimulation therapy for children recovering from severe brain injury
G. A. Hotz, A. Castelblanco, I. M. Lara, A. D. Weiss, R. Duncan & J. W. Kuluz 879

Volume 20, Number 9, August 2006

Review:
A proposal for an evidenced-based emergency department discharge form for mild traumatic brain injury
M. Fung, B. Willer, D. Moreland & J. J. Leddy 889

Original papers:
Long-term neuropsychological performance in a cohort of children and adolescents after severe paediatric traumatic brain injury
C. M. van Heugten, J. Hendriksen, S. Rasquin, B. Dijcks, D. Jaeken & J. H. S. Vles 895

The impact of acute care medications on rehabilitation outcome after traumatic brain injury
W. J. Mysiw, J. A. Bogner, J. D. Corrigan, L. P. Fugate, D. M. Clinchot & V. Kadyan 905

MINDFIM: A measure of disability in high-functioning traumatic brain injury outpatients
A. Cantagallo, S. Carli, A. Simone & L. Tesio 913

Objective and behavioural assessment of the emergence from post-traumatic amnesia (PTA)
N. Weir, E. J. Doig, J. M. Fleming, A. Wiemers & C. Zemljic 927

Recovery from brain injury: Finding the missing bits of the puzzle
D. Brown, E. Lyons & D. Rose 937

Cost-benefits associated with social outcome from neurobehavioural rehabilitation
A. D. Worthington, S. Matthews, Y. Melia & M. Oddy 947

Self-efficacy outcomes of people with brain injury in cognitive skill training using different types of trainer–trainee interaction
D. W. K. Man, W. Y. L. Soong, S. F. Tam & C. W. Y. Hui-Chan 959

The relationship between naming difficulty and FAS performance following traumatic brain injury
R. M. Bittner & S. F. Crowe 971

Development and evaluation of a pictorial-based analogical problem-solving programme for people with traumatic brain injury
D. W.-K. Man, W. Y. L. Soong, S.-F. Tam & C. W. Y. Hui-Chan 981

Measurement of transcallosal inhibition in traumatic brain injury by transcranial magnetic stimulation
N. Takeuchi, K. Ikoma, T. Chuma & Y. Matsuo 991

Volume 20, Number 10, September 2006

Original papers:
Computed tomography findings and early cognitive outcome after traumatic brain injury
M. Sherer, J. Stouter, T. Hart, R. Nakase-Richardson, J. Olivier, E. Manning & S. A. Yablon 997

Protein S-100 and neuropsychological functioning following severe traumatic brain injury
S. E. Watt, E. A. Shores, I. J. Baguley, N. Dorsch & M. R. Fearnside 1007

fMRI study of problem-solving after severe traumatic brain injury
F. Cazalis, A. Feydy, R. Valabrègue, M. Pélégrini-Issac, L. Pierot & P. Azouvi 1019

Visible markers of brain injury influence attributions for adolescents' behaviour
J. McClure, M. E. Devlin, J. McDowall & K. Wade 1029

Return to work following moderate-to-severe traumatic brain injury
S. McCrimmon & M. Oddy 1037

Early prediction of functional outcome after stroke
H. Woldag, L. L. Gerhold, M. de Groot, K. Wohlfart, A. Wagner & H. Hummelsheim 1047

Differences in visual vs. verbal memory impairments as a result of focal temporal lobe damage in patients with traumatic brain injury
M. Ariza, R. Pueyo, C. Junqué, M. Mataró, M. A. Poca, M. P. Mena & J. Sahuquillo 1053

The use of video self-modelling and feedback to teach cooking skills to individuals with traumatic brain injury: A pilot study
M. McGraw-Hunter, G. D. Faw & P. K. Davis 1061

The effect of context on communication: A study of the language and communication skills of adults with acquired brain injury
M. L. Bellon & R. J. Rees 1069

Occurrence of ocular disease in traumatic brain injury in a selected sample: A retrospective analysis
D. Rutner, N. Kapoor, K. J. Ciuffreda, S. Craig, M. E. Han & I. B. Suchoff 1079

Magnesium sulphate reduces cell volume in physiological conditions but not in the cytotoxic oedema during global brain ischemia
A. Chacón, E. Lisott & A. Eblen-Zajjur 1087

Case Studies:
A case of lightning injury with delayed-onset psychiatric and cognitive symptoms
A. D. Reisner 1093

Two case studies in the application of errorless learning techniques in memory impaired patients with additional executive deficits
A. L. Pitel, H. Beaunieux, N. Lebaron, F. Joyeux, B. Desgranges & F. Eustache 1099

Volume 20, Number 11, October 2006

Review:
'Participate to learn': A promising practice for community ABI rehabilitation
P. M. Carlson, M. L. Boudreau, J. Davis, J. Johnston, C. Lemsky, M. A. McColl, P. Minnes & C. Smith 1111

Original papers:
Effectiveness of vocational rehabilitation following acquired brain injury: Preliminary evaluation of a UK specialist rehabilitation programme
L. Murphy, E. Chamberlain, J. Weir, A. Berry, D. Nathaniel-James & R. Agnew 1119

Patients with mild traumatic brain injury: Immediate and long-term outcome compared to intra-cranial injuries on CT scan
C. Sadowski-Cron, J. Schneider, P. Senn, B. P. Radanov, P. Ballinari & H. Zimmermann 1131

Neuropsychological profile of persons with anoxic brain injury: Differences regarding physiopathological mechanism
A. Garcia-Molina, T. Roig-Rovira, A. Enseñat-Cantallops, R. Sanchez-Carrion, N. Pico-Azanza, M. Bernabeu & J. M. Tormos 1139

Determining long-term symptoms following mild traumatic brain injury: Method of interview affects self-report
P. Nolin, R. Villemure & L. Heroux 1147

Masculine role adherence and outcomes among men with traumatic brain injury
L. H. Schopp, G. E. Good, K. B. Barker, M. O. Mazurek & S. L. Hathaway 1155

Aggression after traumatic brain injury: Analysing socially desirable responses and the nature of aggressive traits
K. F. W. Dyer, R. Bell, J. McCann & R. Rauch 1163

Agitation following traumatic brain injury: An Australian sample
M. T. Nott, C. Chapparo & I. J. Baguley 1175

Outpatient rehabilitation of patients with chronic cognitive impairments after ruptured anterior communicating artery aneurysms reduces the burden of care: A pilot study
V. M. Mills, A. Karas & M. P. Alexander 1183

An evaluation of the paediatric acquired brain injury community outreach programme (PABICOP)
J. McDougall, M. Servais, J. Sommerfreund, E. Rosen, J. Gillett, J. Gray, S. Somers, P. Frid, D. DeWit, L. Pearlman & F. Hicock 1189
